ANIMAL HUSBANDRY DEPARTMENT,
Triplicane P.C., Madras,
Dated the 2nd January 1949.

Roc.No.3043-IV/47.

2303 E

From

Sri K.S.Nair GBVC., MRCVS., DTVM.,
Joint Director of Animal Husbandry, Madras.

To

The Secretary to Government,
Development Department, Madras.

Sir,

Sub: Civil Pioneer Force Buildings, Bellary - Purchase for the opening of a District Poultry Farm.

Ref: Government Memorandum No.106036 E/48-1, Development Department, dated 18-10-48.

I submit the following proposals for the opening of a District Poultry Farm in the Civil Pioneer Force buildings at Bellary.

2. A District Poultry Farm at Bellary will meet the demand for poultry and eggs in the Ceded Districts which are economically backward and are subject to famine conditions. The encouragement of poultry farming as a cottage industry in these districts will supplement the food resources and income of the ryots. A district farm similar to the one sanctioned by Government in their order No.Ms.3257, Development Department, dated 21-8-1945 and No.Ms. 1432, Development Department, dated 22-3-48 may be opened in the Civil Pioneer Force buildings at Bellary.

3. The Poultry Development Officer, Madras who inspected the existing buildings reports that the buildings have all deteriorated and require repairs and improvements to make them suitable for the opening of the farm. The Chief Engineer who was consulted in the matter estimates the cost of repairs etc. at Rs.13,500/- The repairs to the well and pumping plant is estimated to cost another Rs.3,000/- to make the well fit for irrigation purposes and to meet the requirements of the farm. No new construction is considered necessary at present. The Veterinary Assistant Surgeon and the poultry fieldman attached to the farm will live in rented buildings.

4. The breeds to be maintained in the farm are White leghorns and Rhode Island Reds. The farm will be started with 3 dozen pullets, 6 cockerels and 50 three months' old chicks. The birds will be supplied from any of the Government farms or made available by direct purchase from any recognised poultry farms. The aim will be to have 100 laying hens within the course of three years. The surplus cockerels and eggs produced in the farm are to be distributed in villages in the ceded districts.

5. The following staff provided for the District Poultry Farms may be sanctioned for this farm also.

1. A Veterinary Assistant Surgeon on Rs.120-5-200-10-250.
2. One poultry fieldman on Rs.45-2-55-1-60.
3. One cycle peon on Rs.16-25.
4. One watchman.
5. Two coolies (one for the farm and another to look after cultivation) for 1 year and an addition of one cooly each for the 2nd and 3rd year.

The watchman and coolies are to be paid for at local market rates.

6. Two incubators one of 100 eggs and another of 50 eggs capacity are to be maintained in the farm.

7. The estimate of expenditure involved in the scheme is as follows:-

	Non-recurring Rs.	A.	Recurring Rs.	A.
Cost of existing buildings (fair value)	37,343	0		
Repairs to existing buildings etc.	13,500	0		
Repairs to well and pumping plant	3,000	0		
	943	0		
Pay of establishment				
One Veterinary Assistant Surgeon on Rs.120-5-200-10-250			1,440	0
One Poultry fieldman on Rs.45-2-55-1-60			540	0
One cycle peon on Rs.16-25			192	0
Other charges				
Travelling and other compensatory allowances			600	0
Dearness allowance to staff (69 x 12)			828	0
			3,600	
Purchase of livestock				
36 pullets at Rs.15/- each	540	0		
6 cockerels at Rs.15/- each	90	0		
50 chicks of 3 months old at Rs.2/- each	100	0	730	
Deadstock articles				
Furniture	600	0		
Poultry equipment inclusive of two incubators with stand	3490	0		
Feeding charges on an average for 42 adults at Rs.0/10/0 per mensem 50 chicks at 0/8/0 per mensem and 200 other chicks at 0/6/0 p.m.	~~1320xx0~~		1520	0
Thatched shelters	~~50~~ x3		150	0
Repairs to mud wall and putting up a live fence	2000	0		
Kerosene oil for incubators brooms baskets etc.			150	0
Cost of a bicycle	250	0		
Wages to menials (2 coolies and a watchman at Rs.15/-p.m.)			540	0
Dearness allowance to menials at Rs.18/- p.m. each for three months menials			648	0
Miscellaneous unforeseen expenditure			250	0
	60,913	0	6,858	0

Total Non-recurring and Recurring Rs.67,771-0 or 67,770/-
The half share of Government of India Rs.33,885/-

Yours faithfully,

Joint Director of Animal Husbandry, Madras.

Subj. Livestock. Poultry - Opening of a Poultry Farm at Bellary - Scheme.

Ref:- From the Jt. D.A.H No. 3043 IV/49 d. 2. 2. 49.

The Jt. D.A.H. has stated that the staff provided for the Dt. Farms may be sanctioned for the farm to be opened at Bellary also. He has proposed the employment of a Cycle peon on Rs 16-25 and a poultry fieldman on Rs 45-2-55-1-60. It is seen that no such cycle peon has been sanctioned for the Dt. Poultry Farms and the pay sanctioned for the Poultry Fieldman is Rs 28/- only. The necessity for the Jt. D.A.H is requested to explain the necessity for the cycle peon and for a higher scale of pay for the poultry fieldman.

2. The Jt. Dir. has also included a

6

Sum of Rs 2000 in the Estimate of expre. for the purpose of repairing the mud wall and for putting up a live fence. He is requested to explain the necessity for this abo.

Animal Husbandry Department,
Triplicane P.O., Madras,
Dated the 14th February 1949.

Roc.No.3043-IV/47.

From

Sri K.S.Nair GBVC., MRCVS., DTVM.,
Joint Director of Animal Husbandry, Madras.

To

The Deputy Secretary to Government,
Development Department, Madras.

Sir,

Sub: Civil Pioneer Force buildings - Bellary - Opening of a District Poultry Farm.

Ref: 1) Government Memorandum No.106036-E/48-1, Development, dated 18-10-48.
2) My letter Roc.No.3043-IV/47, dated 2-1-1949.

I inspected the Civil Pioneer Force buildings and the site at Bellary on 9-2-1949. I find no proper arrangement for the supply of water to these buildings. The two wells in the site are having brakish water not fit for Agricultural operations. I understand that there were two taps and pipes laid down for supply of good water when the area was occupied by the civil Pioneer Force. Those have all been removed and the taps sealed. I also understand that Municipal tap connections are not given freely to dwelling houses now due to scarcit and that municipal water will not be available for agricultural purposes. The prospects of converting the site into some kind of agricultural land suitable for a poultry farm and for growing poultry fodder etc. are very remote. At present the land is quite barren. In the above circumstances, it will be very difficult for poultry to thrive in the area especially during the hot months. I do not, therefore, recommend the opening of a poultry farm at this site.

2. In modification of the proposal submitted to Government in this office letter quoted above, I suggest that the poultry farm fo the District may be opened in the combined sheep and cattle farm at Kurukuppi. Kurukuppi is twenty miles from Bellary on the railway The nearest railway station is Tomagallu in Bellary Hospet line and the farm is at a distance of about half a mile from the station. Th land is extensive enough and the poultry farm can be conveniently located there. Agricultural operations are already in progress an there is good water supply. I am confident of the success if the farm is opened there. If Government agree, I shall submit necessa detailed proposals with financial implications for the opening of t poultry farm in the combined sheep and cattle farm area at Kurukuppi

3. I request early orders of Government in the matter.

Yours faithfully,

Joint Director of Animal Husbandry, Madras.

LNP/16-2.

Development Department

O.M. 2303 E/49- 3 dated 8 -3-49.

Sub: Poultry Farm at the C.P.F. Buildings at Bellary.

Ref: From the Jt.D.A.H. No.3043 IV/47 dated 14-2-49.

The C.P.F. buildings at Bellary have already been purchased from the Govt. of India in consultation with the D.A.H. and placed at his disposal for a poultry farm. The Jt.Director has reported in paragraph 3 of his letter No.3043 IV/47 dated 2-1-49 that an amount of Rs.3,000/- is required to repair the wells and make them fit for irrigation purposes. The C.P.F. formerly utilised these buildings for habitation purposes and it is therefore considered that by utilization of the pipes and taps originally installed for the use of the C.P.F., it should be possible to overcome the apprehended difficulty in regard to water supply. The Jt. Director is therefore requested to go ahead with the scheme without further delay, by having the pipes and taps restored in consultation with the Municipal authorities.

To The Jt.D.A.H.

COLLECTOR'S OFFICE, BELLARY.
DATED 21-5-49.

D.O.

My Dear Hurley.

I am sorry to have to be away when you visit Bellary but I have Jamabandi at Harapanahalli.

I have talked to your District Veterinary Officer here about the Poultry Farm in the C.P.F. Ground . I need 10 acres for a Harijan Colony and if you can spare me the 10 acres I shall be most grateful. I have shown the site to the District Veterinary Officer and asked him to show it to you. Prima facie he sees no objection except that the matter has now gone rather far. However I spoke to the Honourable Minister Mr. Madhava Menon when he visited Bellary, and he was not unsympathetic to my proposal.

The site I want is undoubtedly by far the most suitable for this Colony and I feel that human beings should get priority over chickens. Also, from a long term point of view I doubt the desirability of starting a Poultry Farm in an area which will certainly be surrounded by the Town in years to come; but if it is desirable to have a site close to the Town, other sites are available. I trust therefore that you will see your way to agreeing with my proposal.

Yours sincerely,

(E.C.ALLARDICE)

To

Triplicane P.O. Madras,
Dated 26-5-49.

From
Sri K.S. Nayar, GBVC., MRCVS., DTVM.,
Joint Director of Animal Husbandry, Madras.

To
The Deputy Secretary to Government,
Development Department, Madras.

ASST. SECRETARY TO GOVERNMENT
6958
6 - MAY 1949
DEVELOPMENT DEPARTMENT

Sir,

Sub: Poultry Farm at the Civil Poineer Force Buildings at Bellary.

Ref: Government Development Memorandum No.2303-E/49-3, dated 8-3-49.

U.9 C.F.

In the Government Memorandum cited above I was instructed to go ahed with the scheme without further delay, by having the pipes and taps restored in consultation with the Municipal authorities. The Poultry Development Officer Madras reports that a Veterinary Assistant Surgeon and one fieldman etc. may be appointed to start and carry on the preliminary operations and that, when the present buildings are put in order and repairs carried out the farm can be started. I, therefore, request that Government may be pleased to sanction at an very early date the appointment of a Veterinary Assistant Surgeon a fieldman and a peon to enable the Poultry Development Officer to go ahead with the scheme with their assistance.

2. With reference to para 1 of Government Memorandum No.2303-L/49-2, dated 14-2-49, it is submitted that provision for the employment of a cycle peon for the District Poultry Farms was not made in the original proposals. A cycle peon is, however, now considered to be essential. He is to go on errands, cash bills and make remittances at the treasury, take tapal delivery and post tapals, despatch eggs and poultry parcels etc. As these Poultry Farms will be located at some distance from the nearest town, a bicycle is also necessary to go about from place to place with expedition. Other wise, the peon will not be available to discharge all his daily duties without fail.

0.5 C.F. above

3. The pay of the Poultry Fieldmen employed in the District Farms in the higher scale of Rs.45-2-55-1-60 has been already sanctioned by Government in G.O. No.Ms.384, Development dated 28-1-48 I do not consider that any revision of this scale is necessary at present.

X

15-6 C.F. above

A further report with reference to paragraph 2 of Government Memorandum No.2303-L/49-2, dated 14-2-49 will be submitted to Government on receipt of the remarks of the Poultry Development Officer.

Yours faithfully,

Joint Director of Animal Husbandry, Madras.

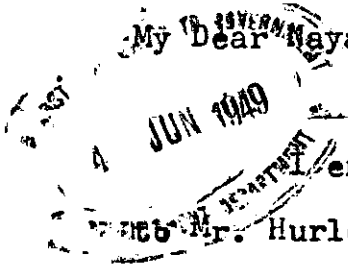
My Dear Nayar,



I enclose a copy of a letter which I sent to Mr. Hurley. I was fortunately able to meet him at Harapanahalli where I was camping, as he came there for inspection. He has seen the site which I want for the Harijan Colony and he told me that there is no objection to giving up 10 acres and that he would speak to you about it when he returns to Madras.

As the question of finding a suitable site for this Colony has been going on here for many months, I shall greatly appreciate it if you will take a personal interest in this matter and see that this land is given up as quickly as possible.

Yours sincerely,

(E.C.Allardice).

COLLECTOR, BELLARY

63500

D.O.Ref.11771/48 B.5. Bellary Collector's office,
dated 19.6.1949.

My dear Nair,

Ref: Your D.O.No.188-II/49 dated 4.6.49.

I am sorry that you cannot agree with my proposal to spare 10 acres for a Harijan colony. However, I shall attempt to persuade you once again by placing some more facts before you.

You say that the present site was selected on account of the availability of buildings and the large area which would facilitate expansion.

As regards the buildings, all the permanent buildings are excluded from the area which I would like. There are in the proposed colony a certain number of temporary sheds, but they are in a complete state of delapidation; what the weather did not finish, was completed by a fire in march this year. The buildings, if they can be called such, are absolutely useless and whoever occupies this plot will have to complete the demolition started by weather and fire.

As regards the area for expansion, there are some six acres of vacant Government land immediately adjoining the plot which you would have left if you gave me the 10 acres I want. This plot is only separated by a mud wall which can easily be demolished. I enclose a plan which shows your entire plot of land; the portion of it which I want; and the portion which could be added to your plot to compensate for the area given for the Harijan colony.

I may add that Mr.Hurley saw the plot and thought that there was no real objection to giving it for the colony. The then Hon'ble Minister for Agriculture, Mr.Madhava Menon, also saw the plot and saw prima facie no objection.

As I said in my letter to Hurley, I consider that people are really more important than chickens and it is essential to find some place for this Harijan colony and the plot for which I am asking is undoubtedly the most suitable. If you insist, a wall can be built to separate the colony from your plot. As you see from the plan, the northern and eastern boundaries do not adjoin your plot. On the west, the boundary is the road running through the plot and I presume you will not insist on a wall here. The only place where a wall would be necessary is on the southern boundary and the building of such a wall can be made a condition in the alienations.

I hope therefore, that for the reasons given above, you will be able to reconsider the matter and let me have the 10 acre asked for by me for the Harijan colony.

Yours sincerely,

2/4 v 15/6/49

Sir,

Sub:- LIVESTOCK - Poultry - Opening of a poultry farm at Bellary - Scheme.

Ref:- Government Development Department Memorandum No. 2303-E/49-2 dated 14-2-49.

-o-

A lump sump provision of Rs.2,000/- is made to repair the existing mud wall that has fallen in several places. Unless the wall all round is repaired and the gaps are filled up the tresspass will increase and the farm will not be safe.

As it is considered that the cost of putting up a pucca fence will be prohibitive, it is proposed to plant some live fence that will provide additional protection. In any case, the fence all round the farm is essential.

2. The other points raised in the Government Memorandum quoted above have been already dealt with, please see my letter to Government Roc.No.3043-IV/47 dated 26-5-49 with reference to Government Memorandum No.2303-E/49-3 dated 8-3-49.

I enclose for the orders of the Government a copy of letter No. 17771-48-B-5- dated 8.7.49 received from the Collector of Bellary together with a copy of his Demi Official letter to the Joint Director of Animal Husbandry, Madras.

For Director of Harijan Welfa

Copy of the letter No. 17771-48-B-5 dated 8.7.49 from the Collector of Bellary to the Director of Harijan Welfare, Madras.

Sub:- Housesites for Harijans - Bellary District and Town portion of M.C.P.F. grounds - further report.

Ref:- Your letter No. A-2-7765-49 dated 1.7.49.

About 150 families of Harijans residing near Bruce pettah in Bellary town and mostly doing the sweeping and scavengi work have been asking for a good site for building their houses as the locality in which they are at present living is very unhealthy It is very close to the savage area and is liable to be flooded dur the wet season. I agree with them it is highly desirable to shift their present location.

I inspected the available sites, in Bellary Distric I find that a portion of the M.C.P.F. grounds referred to in my previous D.O. letters to the Joint Director of Animal Husbandry is best suited for the purpose. The M.C.P.F. grounds have been place by Government at the disposal of the Veterinary Department. I fin that an extent of about 10 acres may be conveniently spared for th said purpose and that is why I have requested you also to move the Government in the matter and see to the assignment of the site to the Harijans.

Except that a site has to be provided for the Harijans for their residential houses, there is no other elaborate scheme contemplated. The Harijans have undertaken to contract pukka houses according to a plan which will be drawn up and have been warned that huts will not be allowed.

Sir,

Sub: Livestock - Poultry - District Poultry Farm, Bellary - Opening of - Part II Scheme - Proposals for 1950-51.

---

827 E Ref: Government Memorandum No.2303-E/49-7 Development dated 25-8-1949.

***

I have the honour to state that proposals for the opening of a District Poultry Farm in the Civil Pioneer Force Buildings at Bellary were submitted to Government in this office letter Roc.No.3047-IV/47 dated 2-1-1949 in which necessary details as to how the farm will be started and the ultimate aim of the Scheme have been furnished. Details of the staff required for the farm have also been furnished.

2. As desired in the Government Memorandum quoted above I enclose herewith a statement giving particulars of cost involved under the heads "Ultimate" and "Cost in 1950-51."

Yours faithfully,

T.J. Hurley 28/10

DIRECTOR OF ANIMAL HUSBANDRY, MADRAS.

TR/24-10.

STATEMENT OF COST.

	Ultimate Cost.		Cost in 1950-51 (11 months)	
	Non-Recurring. Rs.	Recurring. Rs.	Non-Recurring. Rs.	Recurring. Rs.

	Travelling allowance of Establishments	600		500	--
	Other charges	3,300	26,300	3,000	26,300
	Total	7,500	26,300	5,900	26,300

NOTE

In January 1949 the Govt. decided to take over the buildings and sheds constructed for the accommodation of the Civil Ewn Pioneer Force at Bellary from the Govt. of India at cost of Rs.37,343 and to place them at the disposal of the Animal Husbandry Department for being utilized as a District Poultry Farm. The Hon'ble Minister for Agriculture has inspected the site and buildings and considers them suitable for the purpose. The buildings have since been burnt down by a fire and the Chief Engineer has estimated the value of the buildings now at only Rs.3,000/-.

2. The Collector of Bellary has however suggested that out of the area proposed to be placed at the disposal of the Animal Husbandry Department an area of 10 acres may be diverted for establishing a Harijan Colony. The Director of Animal Husbandry has agreed to the transfer and has submitted a scheme for the opening of a poultry farm in the rest of the area.

3. The scheme involves the employment of a Veterinary Assistant Surgeon and a Poultry Fieldman, purchase of 36 Pullets, 6 Cockerels and 50 chickens and other equipments, repairs to the existing buildings, wells, and pumping plant etc. It is proposed to work the scheme for

44

for a period of one year in the first instance, and to include the necessary provision therefor in the Budget for 1950-51 as indicated in the summary above.

Finance Department have however noted that the scheme does not satisfy the Criteria laid down in their Memo.No.57293 A/P.W.R-3 dated dated 12.10.49 for being treated as a Part II Scheme for 1950-51, and it cannot be termed as having any productive value. As it involves a large non-recurring expenditure and in view of the anticipated difficulty in the ways and means position they have advised that the proposal may be deferred. The Hon. Ministers for Agriculture and Finance have already agreed to the opening of a Poultry Farm in Bellary Town.

~~Deputy Secretary to Government~~

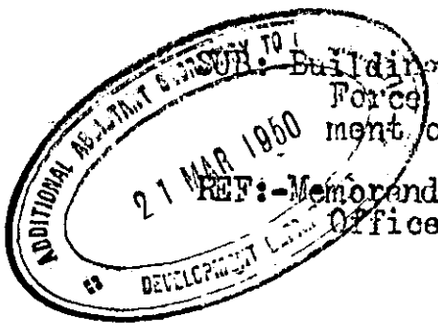
GOVERNMENT OF MADRAS.

Copy of letter No. 455/HB/50, dated 8-3-50, from the Inspector-General of Police, MADRAS-4, to the Secretary to the Government of Madras, Home Department.



SUB:- Buildings - Bellary District - Madras Civil Pioneer Force Barracks at Bellary - Transfer to the Department of Animal Husbandry - Sanction requested.

REF:- Memorandum No. 1875/K/48-3, Home, dated 20-8-48 and this Office letter Roc. No. 1655/HB/48, dated 5-10-48.

With reference to this office letter cited, the Government have transferred the Madras Civil Pioneer Force buildings and structures at Bellary to the Department of Animal Husbandry - vide G.O. Ms. No. 10, Public Works Department, dated 3-1-49. Though the Government Order was issued as early as January 1949, the Public Works Department, have not yet taken charge of the above buildings, and they are still in charge of this Department.

2. As the buildings are not required by this Department, they are kept vacant exposed to sun and rain. An armed guard is unnecessarily being provided by this Department, to watch the above buildings. As the services of the Armed Reserve men who are now guarding the above buildings are required for other more important duties, I request that the Public Works Department, may kindly be ordered to take charge of the above buildings very urgently.

PUBLIC WORKS DEPARTMENT.
Endorsement No. 378-H/49-21, dated 18th March 1950.

Sub: Poultry Farm at Bellary--Scheme.

Ref: From the Jt.D.A.H. No. 3043-IV/47 dated 2-1-49.

In G.O.Ms.No.10, P.W. dated 3-1-49 it has been decided to take over the buildings and sheds constructed for accommodating the C.P.F. at Bellary from the Govt. of India at a cost of Rs.37,343 and to place them at the disposal of the A.H.Dept. The Jt. D.A.H. has now submitted proposals for the opening of a Dt. Poultry Farm in these buildings.

2. The estimate of expenditure involved in the scheme is given on p.4 c.f. The total cost involved is Rs.61,000 Non-recurring and Rs.6,900 recurring. Of the total non-recurring cost, Rs.54,000 represents the cost of the buildings and that of repairs to existing buildings.

Staff. The staff required for the farm is given at paragraph 5 on p.3 c.f. No cycle peon ~~on Rs.16-25~~ was sanctioned for the Dt. Poultry Farms. The necessity for this peon has not been explained.

Poultry fieldman The Jt. D.A. has now proposed a scale of Rs.45-2-55-1-60. The pay sanctioned for the poultry fieldman in other farms is Rs.28. The need for a higher scale has not been explained.

Repairs to mud wall and putting up a live fence.

A sum of Rs.2.000 has been included for the above purpose. The necessity for this has not been explained.

The Jt. Director has not reported the ultimate recurring cost involved. No information is given as to the anticipated production of chicks and eggs, how many will be sold, what income there will be and what improvement is expected in the surrounding areas each year over a period.

According to the revised definition of the term "G.M.F. Scheme", poultry schemes are not eligible for a half grant from the Govt. of India. The whole

expenditure therefore will have to be borne by this Govt.

3. H.Pr. has observed that poultry farms should be opened at the rate of one for two or three districts.

Fin. may see for remarks, if the scheme is supported

Ask for further information necessary

Dy 31.1.43 Secl

by Secl

A draft memo to the Jt DAH is submitted for approval.

Dy 12/2/43 Secl

12/2/43 JS

WR 14/2

From the Jt DAH No. 3043 IV 42 d. 14-2-43. C.P.F.

The Jt Director has since inspected the place & finds it useless for running a poultry farm, mainly due to want of water. He has suggested that the poultry farm for the district may be opened at ~~the place~~ ~~under~~ Kurikuppi where a combined sheep cattle farm is to be worked.

That if Jt D.A.H should open a cattle & sheep farm suggestion abandonment & if scheme is really cooperative!

2. The question of taking over the C.P.F. Buildings at Bellary has been under correspondence from 1942. The question of water supply has been considered from the outset. In para 3 of the proceedings of Govt. on p. 55 of 1942 G.O. No. 10 P.W. d. 2-1-43, the Secl was asked to report in consultation with the D.V.S. the cost of making additions & alterations so as to make the place fit for a poultry farm. The Secl. suggested the taking up of the whole of the waterworks installations. The D.V.S.'s report on the additions & alterations is on p. 77 of the F.C. The Poultry Develt Officer had then inspected the place

Should the D.A.H proceed with the scheme, without further reference to Govt in view of the proceedings laid down for the use of the C.P.F. reopened.

GOVERNMENT JUN 1949 DEVELOPMENT DEPARTMENT

Development Department

It has come to notice that a block of 40 acres of land attached to the Forest Conservator's building in Bellary was once utilised by the Civil Pioneer Corps. Now all the buildings constructed by the Military have practically been removed and only some hutting material is available in the locality. A portion of this block is apparently useful for relieving the congestion of the cheries of Harijans in the locality. It is reliably learnt that these Harijans who are employees of the Municipality have been squatting on some sewage canal and are suffering a good deal for want of accommodation. A portion of this area can be taken up for providing house sites for these cherians in case it is Govt. land. If it is a question of acquisition, the formalities have to be observed giving an indication that no one else can think of occupying it. The Hon'ble Minister and the local officers also have inspected the locality for the purpose now contemplated. A reference may be made to the Collector of the district to carve out a convenient portion of this land for providing house sites for these cherians and if necessary for some of the labourers who are in need of houses.

If the Veterinary Department has already launched a scheme for locating a poultry farm in this area, a convenient portion can be set apart for that Department. It can be presumed that a small bit of land in a corner will not adversely affect the scheme launched by the Veterinary Department. obtain the views of B.A.H. also

in W.O. 43595 Cii/49.1 6.7.49

The file about poultry units at Agri Stations is put up separately. There will be no unit in Bellary District according to the proposal there.

That case is however entirely different from this one. The proposal there is to have a poultry unit for demonstration purposes in certain agricultural farms. Here, the C.S.I. buildings at Bellary were taken over from

from the Govt of India for a District Poultry Farm" with buildings for larger number of birds. The object in Bellary is not mere demonstration that "the encouragement of poultry farming as a cottage industry (to) supplement the food resources and income of the ryots."

H.H.'s idea may be taken which station this farm is to be located in — C.S.T. Buildings at Bellary taken over for the purpose of Combined cattle & sheep farm, Kurikuppi.

H
26/7/27 DS

If the Govt. decide only one farm for A.P. has it be followed then cannot be even Poultry units in Agl farms. This is the reason why I have suggested enlarging the Poultry unit and farm. None of Poultry units is based on a farm with a [illegible] like Guntur farm & the farm at Bellary, which [illegible] Poultry units in Bellary farm after giving the farm in the vacant land after the acquisition for the buildings

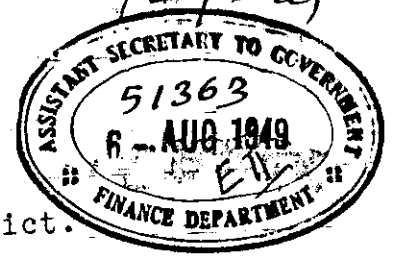
will have to be made from Addl. Funds.
The file may be sent to Fin. for remarks.

5/8/49

Dev.No 2303 E/49

7-1-49



Finance(E-II).

The file deals with the proposal for opening a District Poultry Farm in the Bellary District. The buildings purchased for Rs 37,343 from the Govt. of India with reference to the orders in G.O. 10 P.W. dated 3-1-49 are to be utilised for running the Farm. The immediate extra cost on account of the proposal has been estimated at Rs 6,858 p.a. recurring and Rs 60,913 non-recurring as detailed below:-

P.T.O.

RECURRING--

	Rs
(i) Pay of establishment including T.A. and D.A.-- 1 Vety. Asst. Surgeon) 1 Poultry Fieldman) 1 Cycle Peon)	3,600
(ii) Feeding charges for poultry	1,520
(iii) Thatched shelters	150
(iv) Wages and D.A. of menials(2 coolies & 1 watchman)	1,188
(v) Contingencies including unforeseen miscellaneous expenditure	400
	6,858

NON-RECURRING--

(i) (a) Cost of existing buildings	37,343
(b) Repairs to do.	13,500
Repairs to mud-wall	2,000
Repairs to well and pumping plant	3,000
(ii) Purchase of livestock	730
(iii) Furniture	600
(iv) Incubators (2) and other equipment	3,490
(v) Bicycle	250
	60,913

It is stated that a cycle peon will be necessary to go on errands, cash bills, and make remittances at the Treasury, take tapal delivery and post tapals, despatch eggs and poultry parcels etc. It is not likely that these items of work would be appreciable until the Farm is established on a sound basis. For the present, the provision for a cycle peon may be omitted especially as it is proposed to employ two coolies and a watchman even from the beginning.

2. The following remarks are called for:-

Recurring Expenditure.

(i) Pay of Establishment. The provision for a Veterinary Asst. Surgeon and Poultry Fieldman may be accepted

(ii) Feeding Charges. The estimate is for feeding 42 hens and cocks at As.10 per mensem, 50 chicks at As.8 per mensem and 200 other chicks at As.6 per mensem and it calls for no remarks.

14

(iii) Other Items. No remarks are called for in respect of the remaining items of recurring expenditure viz., thatched shelters, wages and D.A. of menials and contingencies.

Non-Recurring Expenditure.

(i) Cost of existing buildings and repairs thereto & to a well. The buildings have already been purchased from the Govt. of India and the expenditure debited to "50. Civil Works" -- Cf. p.228 CF. of (T). The estimates proposed for repairs to buildings (Rs 13,500) and ~~for to~~ a well(Rs 3,000) are reported to have been prepared in consultation with the C.E and may be accepted.

As regards the repairs to the mud-wall, it appears that this may be dispensed with, if a live fence is to be put up as proposed. Until this live fence grows up, it may be protected, if necessary, by bamboo fencing.

(ii) Purchase of live-stock. It is presumed that the birds proposed to be purchased are essential for running the farm economically, and may be accepted.

(iii) Furniture. The estimate ofRs 600 is presumably based on that sanction in G.O. 3257 Dev. dated 21-8-45 in connection with the opening of new ~~fm~~ poultry farms. It provides for 2 tables,4 chairs, one almirah, one record rack, 2 short benches, 1 stool, 2 trays, one stationery box, one cash box, one book rack etc. together with transport and other incidental charges. The estimate may be accepted.

(iv) Incubators. The proposed purchase of two incubators with necessary equipment calls for no remarks.

(v) Bicycle. The provision for this may be omitted if the suggestion to omit the provision for a cycle peon is accepted.

3. There is no information as to the anticipated production of chicks and eggs, how many will be sold and what will be the annual income to the Govt. Information may be called for on these points.

15 L

4. The important point to be considered in this ~~connection~~ scheme is the place at which the Farm is to be opened. The Joint D.A.H. originally proposed Bellary town utilizing the buildings purchased from the Govt. of India for the purpose. Subsequently, he has emphatically stated that the place is unsuitable in many ways. First of all, there is the water difficulty. It is not known whether the Municipality will supply the required water. Even if it does, it appears that water will not be available for running an agricultural farm and growing poultry fodder. Above all, weight has to be attached to the opinion of the Joint D.A.H. that it will be very difficult for poultry to thrive in the area, especially during hot months. He has therefore suggested that the Farm may be opened at the combined sheep and cattle farm at Kurukuppi. Attention is in this connection invited to para 2 of the minutes of H.M(Law)on p.4 above. ~~It is~~ the present H.M. Agriculture has agreed to the location of the Farm at Bellary. It is respectfully submitted that ~~if the Govt. are to force the Head of a Department to give effect to a scheme which he does not support, we cannot hold him responsible if the proposed outlay turns out to be unprofitable.~~ the point about a suitable location is not only an administrative matter, as this will affect the financial concern also and therefore the question requires careful consideration. ~~In the circumstances,~~ If the view of the Joint D.A.H is correct, it seems desirable to open the farm at Kurukuppi instead of at Bellary. Development may ~~therefore~~ be requested to circulate the case to H.M(Fin) also at this stage with reference to this point specifically.

If it is decided that the Farm may be opened at Bellary, as proposed by Development, further action may be taken by them with reference to the remarks of this department in paras 2 and 3 above. The proposal may be brought forward as a Part II scheme for 1950-51, unless it is considered that it is so very essential as to be introduced in the current year itself. This scheme is not eligible for any Govt of India grant.

If the site is to be Kurukuppi, revised proposals may be called for from the Joint D.A.H., as already suggested by this department, on pp.6-7 above.

This was the original intention as agreed to by the Govt. Finance. — p.54 NF in fo.10 Rly. ①

It seems quite appropriate to consider this as a Part II scheme for next year.

From the DAH DO No. 188-II/49 dated 4-8-49 & 2 Cf

This notes on pp. 12-15 above may be perused.

2. A on p. 13 above & C on p. 14 above

The necessity for the cyclepern is explained in para 2 on p. 13 C.F. Deptt may perhaps accept that the cycle & the pern are not necessary to be given in writing. The D.A.H. may be told to apply for them later.

MJ
4/8
18/8/49

3. Q on p. 14 above

A live fence means planting, watering & maintenance from destruction till the plants establish themselves. There has already existed a mud wall & it has only to be retained where it has fallen. The expr is only Rs. 2000 & may possibly not be very different from that of a live fence till it establishes itself. The provision for mud wall repair may stand.

Q-4 C.F.

Yes. But is it not that there is water scarcity & it may not be possible to raise live fence quickly?
4/8
18/8/49.

4. D on p. 14 Cf.

The point was already noticed here - § on p. 1 ante above. This is not a commercial scheme. The result to be taken care of is not whether the scheme is productive in the sense of an electricity, irrigation or a trade scheme but what effect the establishment of the farm will have over a period on the surrounding tract. The point may be mentioned in the draft order to be issued finally. There is no necessity to call for production & cost figures.

The Scheme Committee a means for a Commercial point of view. The non-recurring expenditure itself amounts to about Rs 61,000 for a few Cooperative farms
4/8
18/8/49

5. Item p. 15 above

The property has not yet been handed over. There is no hurry. This may be treated as a

Q. 11 C.F.

E 18/Belg / Part II - Scheme for 1950-54.

6. Encp. 15 above

The erection position is set forth below. The intention from the beginning was to take over the C.F. Buildings at Belley for a poultry farm. The proposal to take over the buildings & structures from the Govt of India for this purpose was approved in Sept 1948 by H.E. G.W., H.E. Agr. & H.E. Fin. — p. 54 of (T) — Do — Do — p. 10 d. 7-1-49 ref. The site was inspected by the D.A.H. & the C.F. on 18-2-46 before it was decided to take it over for the poultry farm. Paper V on pp. 79 & 80 of (T) gives particulars of the structures & the proposals made by the A.H. dept about each.

Sri K.S. Nair, ~~xxxx~~, sent up detailed proposals for working the farm in that place with his letter on pp. 3-4 C.F. An examination revealed the necessity for further particulars & these were called for on 14-2-49 ref. On the same day Sri Nair reported that the area would not be suitable for the farm. His report was examined with the previous correspondence and he was told on 8-3 ref to proceed with the scheme after talking rides in circulation from H.E. Agr. After this ride was joined H.E. Agr. recorded his minute on p. 4 ante above. Present H.E. Agr. has since decided that the farm should be located at Belley.

It will be seen from the summary above

(1) that the site was selected by the D.A.H. after a joint inspection with the C.F.

(2) that the proposal to use it for a poultry farm was approved by H.E. Fin.

Cf para 30-124 of Part I 4-77 C.F. of (T)

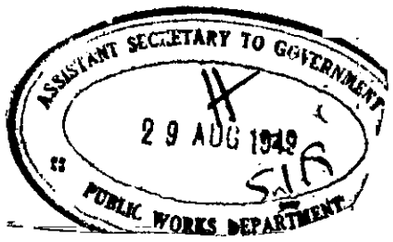
P.W.

Finance
5562 Ed II/49
29-8-49



P. W. D. (H).

Please see the note of Development Department at 'X' at p. 18 ante. Attention in this connection is invited to D.O. letters of the Collector of Bellary at pages 11 and 25 c.f. requesting the allotment of 10 acres of land at Bellary for a Harijan colony and the letter at p. 23 c.f. from the Animal Husbandry Department agreeing to hand over the extent of land required by the Collector as soon as the M.C.P.F. buildings and land are placed at the disposal of that Department.

2. It will be observed from the letter to the Govt. of India at p. 17 c.f. of G.O. 10 P.W. dated 3-1-49 that the land lent for the use of the C.P.F. at Bellary is the property of the Provincial Government. The Govt. of India constructed buildings and barracks for the C.P.F. on a portion of the land and these are the properties of the Central Govt. After the disbandment of the C.P.F. the Govt. of India agreed to transfer to the Govt. of Madras ~~of~~ all the buildings and sheds constructed for accomodating the M.C.P.F. ~~(non-Europeans)~~ at Bellary, on payment of Rs. 37,343/-. The buildings and the land after acquisition are to be placed at the disposal of the Animal Husbandry Department. Before the buildings and sheds could be taken over from the

20

Government of India the C.E. reported that a fire accident occured, causing damages to the buildings and temporary structures and reducing their value as originally estimated. The C.E. therefore suggested that the buildings need not be taken over from the Govt. of India till they agree to hand them over to this Government at the reduced value which was estimated to be less than Rs.3000/-. The matter is under correspondence and it will take some time before final orders are passed on the question of acquisition of the M.C.P.F. buildings and structures from the Govt. of India.

3. It is for orders whether, in the meanwhile, the C.E. may be instructed to take over only the vacant land excluding surrounding the buildings and structures and place them at the disposal of the Department of A.H. as originally intended. If this is approved, the Animal Husbabdry Department will be in a position to spare 10 acres of land required by the Collector of Bellary for starting a Harijan Colony according to orders in circulation at p. 4 ante. The main file dealing with the proposal for the acquisition of the buildings was sent to Finance and Dev. recently. If 'A' above is approved, necessary extracts of the relevant portions of the C.F. and ~~notes of this file~~ M.F. may be taken and suitable instructions issued to the C.E. in the matter on return of the main file. With these remarks the file may be returned to Development who may be requested to let Revenue see the case.

16.9.49

ASST. SECRETARY TO GOVERNMENT
57397
20 SEP 1949

The buildings must have been spread over a considerable portion and so the vacant land between them cannot be taken up before the decision in respect of the value of the buildings as it is necessary to allot a portion of vacant land to attached to the cost of the buildings, which has to be used as a residential quarters. Hence whenever the one or two buildings may be compensated for this purpose and it is a general principle that the value of a building depends on the land attached to it. In any event it is essential to lay down a policy in this respect. If the buildings are to be attached with a bit of vacant land attached to each, the entire vacant land can be taken up soon only. It seems we ought to have a clear idea about this first. A sketch would be of use to find out the location of the buildings if they are scattered, the affair would be easy for decision.

MY
20.9.49.

There is a plan (not to scale) at the end of G.O. 10 P.W. dated 3.1.1949. The entire land is that of the Provincial Government ~~was~~ lent for the use of the C.P.F. and is to be taken back. There is no question a the value of the land going with that of the buildings on it. The buildings, permanent and temporary, are alone to be paid for.

Fin (E II)

(Previous Fin note on pp 25- 26 above)

With reference to the portion marked N in this deptt note on p 26 above, the note of Dent on p 26 above may be perused.

As the buildings originally proposed to be acquired for the Poultry Farm are stated to have been burnt down, there seems to be no necessity for making any provision in excess of Rs 3000/-, the present value of the buildings as estimated by the C.E. In this view, Finance may suggest that the provision under 'non-recurring' in the Part II scheme note may be reduced to Rs 26,300/- as indicated in pencil in the draft note below.

2. The attention of Dent may be invited to the remarks of this deptt. at P on p 25 above and they may be requested to make necessary addition to the draft Part II scheme note.

Dent Deptt

With reference to this Deptt note on p 26 above, please see the note of Finance Deptt above. They still hold that that provision against "other charges" in the Part II Scheme note should be revised as indicated by them. For orders whether the views of P.W.D. may be invited in this matter as they are concerned with the cost of purchase of the buildings

2/12/09.

Dent Deptt

With reference to this Deptt notes on page 26 above, please see the note of P.W.D on p 26 above and that of

Finance on page 27 above.

2. P.W.D have agreed to the suggestion of this Deptt. to make provision in the Part II scheme note for the value of buildings proposed to be taken over from the Govt of India at the original cost of Rs 37,343/-. in the absence of more definite data. But Finance Deptt. hold that the provision should be restricted to Rs 8000/- the present value of the building as estimated by the C.E after the fire accident and have indicated necessary corrections to the note. The suggestion of Finance may perhaps be accepted.

3. Finance have also suggested that ~~a reduction should be~~ necessary addition should be made to the Part II Scheme note embodying their review at 'P' on p 25 above. Necessary addition has been made in pencil to the draft note.

4. For orders whether the Draft Part II Scheme note so modified may issue

H.M (Agri) and H.M.(Fin) may see for approval.

2303 — The Endt of P.W. Dept. on p. 43 CF may be perused.

p1 CF 9/30/3 — 2. On G.O No. Ms. 10, P.W.D d: 3.1.1949, the Govt. ordered that the buildings and land occupied by the Civil Pioneer Force in Bellary District be taken over from the Govt. of India and placed at the disposal of the Animal Husbandry Dept. On January 1949, the D.A.H. submitted proposals for the opening of a District Poultry Farm in the area. The Hon. Minister for Agriculture who inspected the area and buildings considered them suitable for opening a Poultry Farm. At the instance of Finance it was decided to treat the proposal as a Part II Scheme for 1950-51 and orders of the Hon. Ministers for Agriculture and Finance were obtained in circulation accordingly.

3. In the meantime the question of allotting an area of 10 acres of land for a Harijan Colony came up for consideration. The D.A.H agreed to the proposal and this Dept accepted it. Orders were accordingly issued vide G.O. No 4349 P.W.D. d: 24.11.1949.

p 29 CF

p41 CF

4. It was proposed to open the District Poultry Farm on the remaining area and to utilize the buildings for the purpose. A Part II Scheme note was sent to the Finance Dept for consideration for including the scheme in 1950-51 and to make necessary provision in the B.E. The proposal was negatived by the S.F.C and it was accepted by the Cabinet and no provision has been made in the budget.

pp 43-44 CF

R) Budget memorandum not put up

It is for consideration whether the proposal for the opening of a District Poultry Farm in the Bellary District will be given up and the D.A.H informed accordingly in which case the P.W. Dept may have to be informed of the decision for this consideration to make arrangements for the utilization of the land and buildings. Otherwise

Revn. & o. No. 2303-E/47
dated 6.4.50.

ASSISTANT SECRETARY TO GOVERNMENT IV
8 - APR 1950
PUBLIC WORKS DEPARTMENT

PWD(H)

Please the Dev. Depts' note from page 29 ante.

The papers in this file relate to the disposal of the Civil Pioneer Force Buildings and Structures at Bellary constructed at the expense of the Central Govt on State Govt land. Most of the buildings were constructed in 1942-'43, some in 1943-'44 and some others in 1944-'45. Their total cost including improvements was Rs. 95,748/-. p 39 ante (T)

After the end of the war and the disbandment of the Civil Pioneer Force the Govt of India desired the disposal of the buildings. The State Govt originally wanted only five of the Structures for the use of the Dept of Animal Husbandry. Subsequently the Police Dept wanted all the buildings for accomodating the Bellary Unit of their Force the Govt of India were addressed to place all the buildings at our disposal. This Govt did, Subject to payment of fair value. Before however the Govt of I's reply could be received the Police Dept withdrew their request, while the Dept of Animal Husbandry wanted all the buildings p 1 Cf 4 (T) p 121 Cf 4 (T) p 161 Cf 4 (T) p 162 Cf 4 (T) p 167 Cf 4 (T) p 178 Cf 4 (T) p 191 Cf 4

In Connection with the opening of a District Poultry Farm. Accordingly in G.O. No. 10 PW dt 3.1.'50 orders were issued directing the C.E., to take over the Civil Pioneer Force Buildings at Bellary from the Govt of India on payment of a sum of Rs. 37,343 and place them at the disposal of the Dept of Animal Husbandry (as against the original cost of Rs. 95,748/-). In April 1949 there was a fire accident in the premises causing considerable damages to the buildings at Bellary. Hence on re-valuation it was assessed at Rs. 27/- a fall from Rs. 37,343/-. The matter is under correspondence and it will take some time before final orders are passed. Since the Collector of Bellary wanted 10 acres of vacant land in the TCPF grounds at Bellary for starting a Harijan colony orders were issued in G.O. No. 4349 dt 24th Nov'49 to the C.E., PWD to transfer 10 acres of vacant lands to the collector of Bellary.

In para 5 at page 29 ante the 'Dev' Dept have stated that the opening of a District Poultry Farm may be given up in the absence of budget provision and have requested this Dept to take over the land and buildings at Bellary as they are no longer required by the Dept of Animal Husbandry.

The cost at which the Structures at Bellary should be taken over is under correspondence with C.E., Further the C.E. has been asked to report on the I.G's (Police) letter at P4-5 Cf. His report is awaited. In the meanwhile necessary extracts of the file may be taken for further action. With this remarks the case may be returned to 'Dev'
